

Green Cleaning Solutions

- Low Volatile Organic Compound
- May Contribute to LEED Points
- IEQ Indoor Environmental Quality
- SS Sustainable Site
- EQ Green Cleaning

Nano 1000

- Low VOC Nanotechnology Sealer and Coating
- Penetrating Clear
- 4 Versions:
 - ✓ Penetrating Sealer
 - ✓ Stone UV Cure
 - ✓ Anti-slip Coating
 - ✓ Stone Solidifying
- Characteristics:
 - ✓ 5-year Warranty
 - ✓ Low VOC

What is Nanotechnology?

About 40,000 smaller than average strand of human hair

Nanotechnology is the applied science of managing chemicals on a molecular scale

Suitable for Interior and Exterior Use

- Residential
- Hospitality
- Commercial
- Institutional

Commercial/Institutional

Exterior Hardscape

Nano EAP

- Low VOC Enhancer and Coating
- Darkens and Protects
- 3 Versions:
 - ✓ Gloss Enhancer
 - ✓ Matte Enhancer
 - ✓ Anti-graffiti Coating

Anti-graffiti Coating

Sealers and anti-graffiti coatings are designed for all types of surfaces:

- Asphalt Emulsion
- Block
